Your Aroma1

Avoid harsh chemicals, aerosol sprays and harmful toxins and choose the natural method to freshen the air around you. The Aroma1 will create an aromatic effect in your dwelling space by producing a fine vapor that gently perfumes the air around you. The tranquil mist and soothing multi-color LED lighting will stimulate creativity, enhance relaxation and promote wellness for you and those around you. Ultra-quiet operation makes it perfect for bedroom, bathroom or office desktop. Simply add pure water and a few drops of your favorite essential oil to refresh the air naturally. The compact, egg-shaped design blends seamlessly with any décor and is portable for home, work or travel.

Using the Aroma1

1. Plug the power adapter into the Aroma1 unit.
2. Place the Aroma1 on a tabletop or stable surface.
3. Remove the dome cover to expose the water reservoir.
4. Remove the reservoir cap and fill the reservoir with water up to the Max fill line as indicated. Do NOT overfill.
4. Add a few drops of your favorite essential oil.
6. Replace the reservoir cap and the dome cover.
7. Plug the power adapter into an AC electrical outlet.
8. Press the Light button once to choose Rainbow Mode, which will automatically cycle through all 7 colors.
9. Pressing the Light button again will shift to solid colors. Continue to press the Light button to choose one color or to turn the light off.
9. Press the Mist button to turn the Aroma 1 on. The indicator light will turn green and mist will begin to flow. Timer will be automatically set at 120 minutes.

Setting the Timer

Press the Mist button once to set timer at 120 minutes, twice to set at 60 minutes, 3 times to set timer at 30 minutes. Press 4 times to power off the diffuser. Indicator light will flash red when water level is low. Mist output will stop and the unit will automatically power off.

Cleaning the Aroma1

1. Before cleaning, be sure to unplug the unit from the power source.
2. Clean the water reservoir every 2-3 weeks or every time you change your essential aromatherapy oil.
3. Use a soft cloth and a mild cleaning agent to wipe down the reservoir then rinse with water to remove residue.
4. Wipe the dome cover with a soft, damp cloth to remove any water spots.
5. Be sure to clean and thoroughly dry all parts of the unit and store in a dry place when not operating for an extended period of time.
